

REMARKS

Initially, applicants would like to express their appreciation to the Examiner for discussing the present application with applicants' representative. During the discussions, diligence was addressed. In particular, the Examiner requested some type of evidence of a meeting occurring between the dates of conception and reduction to practice, to demonstrate reasonable diligence. Moreover, the Examiner requested clarification of the "group" members.

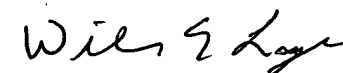

Based upon the discussions, a Third Supplemental Declaration is being submitted, along with (partially redacted) meeting minutes showing lists of participants in meetings about the claimed profile management system.

In addition, the "group" has been clarified as being a group of named inventors, as requested by the Examiner.

Thus, it is respectfully requested that the Examiner indicate the allowability of each of the pending claims.

Should the Examiner have any questions, the Examiner is invited to contact the undersigned at the below-listed telephone number.

Respectfully Submitted,
Paul BANIAK et al.
